Also 8.5% tax is charged on all sales.

Litter will be registered with American Stock Dog Registry. Information with regard to pedigree and necessary information for registry will be provided to the buyer upon full payment of the dog. Registration fees for NSDR or ASDR will be paid by buyer. Seller will provide up---to---date health record

information to Buyer at time of transfer of dog.

This will be in receipt form from current veterinarian which is **Whatcom Veterinary Hospital Ferndale, WA. Dr. Don Aupperlee, DVM (360) 384n 0212**

Seller guarantees dog to be sound and free of diseases at time of transfer of said dog to buyer for a period of 72 hours.

Your new puppy comes current on vaccines and deworming. It is now up to you to ensure it's continued health and well being. We recommend buyer establish a relationship with their veterinarian within 3 days of acquiring a new puppy. Seller has done everything within their power to ensure this puppy's health. However seller lives in a rural environment, seller does not guarantee against internal or external parasites, protozoans or bacterium that occur in the environment naturally. Seller does not guarantee puppy free of contagious illness. Seller recommends buyer follow vaccine protocol recommended by breeder. Seller also recommends buyer keep new puppy isolated from areas with a high concentration of dogs, i.e. parks, beaches, rest stops, Petco/Petsmart/training, groomers, etc. until vaccine series is completed.

Seller is in no way responsible for any vet bills made after puppy/dog leaves the care of AspenRain Fields. In the event that a problem should arise with said puppy, buyer should contact seller immediately. Each case is dealt with individually as every situation is different.

Shipping is always the responsibility of the buyer, even in the event a puppy is to be sent back and/or replaced. Any and all vet bills are the responsibility of the buyer including all "treatable" conditions. NO exceptions.

Puppy that are shipped should be examined by a licensed small animal veterinarian within 72 hours of receipt of said puppy (excluding weekends). It is highly recommended that a wellness check on your pup is done prior or at the time 2nd set of shots. All pups should be micro chipped, but dependent on buyers discretion.

Breeder will replace (of equal value) with a signed statement from a licensed veterinarian for the following genetic defects:

1. Failure to receive a passing rating on hips from the Orthopedic Foundation for Animals.
2. Failure to receive a normal reading from Canine Eye Registration Foundation.
3. Additional debilitating conditions due to genetic health problems must be discovered within 12 months of birth of said dog. Reports must be submitted by two different veterinarians at two different clinics certifying that said dog is suffering from one of the following: Thyroid, epilepsy, immune suppression.

At that time, Buyer can keep said dog and receive a replacement puppy of equal value with a refund of half of purchase price from Seller or return said dog at Buyers expense for a replacement dog of equal value. **UNDER NO CIRCUMSTANCES WILL FULL REFUND BE MADE.**

If Buyer chooses euthanasia for said dog, a written statement from the attending veterinarian, stating reason and date he performed the procedure. Expenses for euthanasia will be the responsibility of the Buyer.

Upon receipt of veterinarian's statement, Buyer may choose a replacement puppy of same sex and similar features to be shipped at Buyer's expense. This is dependent on current availability from the Seller. Should the replacement not be available, arrangements will be made from the onset of the next upcoming litter for replacement.

This warranty does not cover deformation or abnormalities caused by injury, neglect, or environmental conditions. This warranty does not cover veterinary bills or transportation costs incurred for this dog. Said expenses are the responsibility of the Buyer.

_____ This dog is being sold as a companion animal/pet quality only. Although the dog may be capable of performing other functions, no warranty is given for it's fitness for a particular use.

_____ Animal is being sold with full breeding rights, but is not guaranteed to be capable of producing offspring. Breeding rights are an additional cost of \$500/\$600, given only to APPROVED homes and discussed at length with buyer/breeder. WE will not give just "because you want your girl to have one litter" before spaying.

Although we do our best to estimate the height of the puppy at maturity, we cannot guarantee the actual size at maturity.

Minis and Toys have standard sized Australian Shepherds in their background so recessive genes occasionally come out.

If at any time the Buyer is unable or chooses not keep the puppy, please contact us. We will be happy to help place the dog into a good home or will take it back at our facility with shipping costs paid by Buyer. No refund of money or replacement will be given under these circumstances.

The Buyer agrees that this contract is non-transferable.

The Buyer has read and understands the foregoing and agrees that all parts of this contract are a binding agreement with the Seller. If either the Buyer or Seller takes legal action regarding this contract, action will be initiated in the county of the Seller's residence and legal fees and court costs shall be the responsibility of the party found at fault.
